Alleged Plots Against the Czar—No
Battle Near Mukden—The Pop-
ulation Fleeing.

RUSSIAN REGIMENT MUTINIES

Vienna, Oct. 4.—The revolutionary
newspaper, Iskra, states that while the
Bogdanov regiment was on trains bound
from Samara, Russia, to the seat of
war, number of the members mutinied.
They killed Colonel Nefruda, and threw
a sergeant out of the window. No one
who participated in the mutiny, the pa-
per states, was punished. At the recent
maneuvers the same regiment refused to
obey the orders of the colonel, and
also was not punished. The reason given
is all the military prisons in St.
Petersburg are overflowing.

RUSSIAN SHIP ESCAPES.

London, Oct. 4.—The Home corre-
spondent of the Exchange Telegraph
company wires that a message received
there from the coast asserts that a Russian
warship recently ran the blockade at
Port Arthur, evading the Japanese and
escaping to the southeast.

JAPS THROWN INTO PANIC.

St. Petersburg, Oct. 4.—General Mi-
tchoukoff Sunday attacked and threw into
a state of panic Japanese forces at Tu-
mshel. A quantity of the Japanese
ammunition and rifles was abandoned.

THE CRUISER GOES WEST.

Gibraltar, Oct. 4.—The Russian em-
bassy at the volunteer fleet, passed
here today going west.

POPULATION FLEEING.

Mukden, Oct. 4.—All is quiet about
Mukden, and the country population, in
anticipation of a battle in the open, is
fleeing into the city for protection.
The population of Mukden in the last
three weeks has increased by several
tens of thousands.

TO ATTACK VLADIVOSTOK.

Tien Tsin, Oct. 4.—The Gazette hears
that the Chinese government has received
information that the Japanese are to
send two divisions against Vladivostok,
besides a force to occupy northern Ko-
rea. The Russians, it is said, have sent
five hundred additional marines to Vla-
divostok to aid in the defense of the
port.

PLOTS AGAINST THE CZAR.

Berlin, Oct. 4.—The reports current
here have it that the czar's recent jour-
ney through Russia was one long race
for life. His visit to Odessa was short-
ened for fear of assassination. The
police of Odessa claim to have discovered
four plots to take the czar's life.

ARTILLERY CONFLICTS.

London, Oct. 4.—The Telegraph cor-
respondent says:
"The terrible artillery conflicts are
adding to the horrors of the situation
at Port Arthur. On September 22 and
23 the Russians made sorties against
the positions held by the Kamogawa re-
giment, and desperate fighting resulted.
The Japanese force was practically anni-
hilated, only a non-commissioned officer
and eleven men remaining alive out of
the 4,000 who went into the engage-
ment."

IROQUOIS CASES

Will be changed to some other
Illinois county.

Chicago, Oct. 4.—Judge Kirston to-
day granted a change of venue in the
Iroquois cases. Ten thousand
affidavits were produced to show that
the accused could not get a fair trial in
Cook county. The county and judge be-
fore which the case will be tried will be
named later.

PEACE CONGRESS IS NOW IN SESSION

Delegates are Now Holding
Forth in Boston.

Secretary Of State Hay Last Night
Made A Splendid Ad-
dress.

NOTABLES FROM ABROAD

Boston, Oct. 4.—The advocates of the
principles of peace throughout the world
assembled in Boston from all parts of
the world to take a part in the proceed-
ings of the International peace congress
which opened yesterday in this city.

For several months plans have been
in progress to make the congress more
notable if possible than any held in the
past.

There are many prominent delegates
from abroad.

Among the subjects to come up for ac-
tion is that of adopting some effective
method of urging the powers of the
world to use their offices to bring about
the end of the Russo-Japanese war.

Welcoming speeches were made by
President George H. Jones, of the Mas-
sachusetts senate, in behalf of the state;
Mayor Patrick A. Collins, for Boston
and Secretary of State Hay for the fed-
eral government.

Secretary Hay was escorted to the
platform by Chairman Mead. A brief
speech was made by Mead, introducing
Secretary Hay, whose address was one
of the finest ever heard here.

PICKED OFF

ANOTHER POLICE ASSASSINATION
IN BUEATHITT.

Jackson, Ky., Oct. 4.—A telephone
message says that Rich Cottingham was
shot from ambush yesterday on Big
Creek, four miles from Hazard, and is
dying. He was with his wife and two
brothers-in-law when he was picked off
by some one concealed among the bushes
on the roadside. He fell at the exact
spot where Joe Eversole, of French Eversole
fame, was killed. A posse
went to the scene. The wounded man is
a resident of Jackson.

STONE HERE

AND WORK ON THE CITY HOS-
PITAL WILL BE PUSHED.

The stone has come for the new city
hospital and the work will form now
on be pushed to completion.

A larger force of workmen will be
put on tomorrow and Contractor
Karnes says he will have the building
looking like something within ten
days. The brick work is progressing
nicely and the sills for the basement
windows are in place and the brick
work being built around them.

DEATHS

Clifton Wallace, son of Mr. and
Mrs. Henry Harris, of 1050 Madison
street, died last night, aged 10 months,
and the remains were laid to rest to-
day at Oak Grove cemetery. Mr.
Harris is a well known conductor on the
Illinois Central.

The infant son of Mr. Joe Harper,
of the local Illinois Central tin shops,
died yesterday afternoon and was
buried today.

An English naval cadet who took 11
first prizes on his training ship and in
the first examination gained 97.6 per
cent. of the possible marks, has been
rejected on medical examination for the
navy, owing to a small defect in one
little toe.

Every republican in Paducah and the
incorporated towns of the district should
register on next Tuesday, October 4th.

ANOTHER CRISIS AND THEN A RALLY

Postmaster General Payne Very
Low Last Night.

Today He Rallied Again—Lady Car-
son is Reported Not so Well
Today.

KING OF SAXONY IS WORSE

Washington, Oct. 4.—At 2:20 a. m.
Mrs. Grayson and Magruder said the
child which had been injected into Post-
master-General Payne at midnight when
the sinking spell began, is now absorbed
and the effect is shown by the improved
respiration and pulse. It was added that
this is not an indication of recovery, but
that the patient might last longer.

At 12:35 it was announced that the
postmaster-general had rallied suddenly
and exclaimed "hello" to those about
him. Milk was then given him to drink.
At 9:30 this morning the postmaster-
general's physicians issued this bulle-
tin: "The Postmaster-General has
again rallied, but heart action is very
feeble, and his condition is grave."

PATIENT NOT SO WELL.

London, Oct. 4.—A report received
this morning from Walmer Castle states
that Lady Carson is not so well. The
patient's sleep was many times disturb-
ed during the night.

THE KING WORSE.

Berlin, Oct. 4.—The aged King of Sax-
ony, who has been ill for a fortnight is
again in a serious condition. His weak-
ness is accentuated by suffocating fits
of coughing, which prevent sleep.

LABOR RIOTS

CLASH BETWEEN DISTURBERS
AND DRAGOONS.

Paris, Oct. 4.—Serious labor distur-
bance occurred at Cluses today.
The rioters were finally charged by
dragoons and dispersed and several of
the disturbers were wounded.

LARGE CROWD

Big Joint Debate at Benton En-
joyed by Many.

Both Candidates Made Good Speeches
and Were Well Re-
ceived.

One of the largest crowds on record
assembled at Benton, Marshall county,
yesterday afternoon to hear the joint
debate between Congressman Ollie M.
James, Democratic nominee for con-
gress and Hon. J. C. Speight, of May-
field, Graves county, Republican
nominee for congress.

The court house was packed, over
1000 people being there, and several
hundred could not get in and were
forced to remain on the outside.

The debate began at 1 p. m. and
lasted until about 5. Both speakers
were well received, and made good
speeches. As to the comparative
merits, the Democrats naturally
thought Congressman James got the
better of it, while the Republicans
thought Mr. Speight had his opponent
skinned a block.

The Populists and other disinter-
ested persons say that it was about an
even break, and both made good
speeches, and pleased their respective
adherents.

Mr. James had a better chance, as
he had a twenty minutes rejoinder.
The gentlemen both made a good im-
pression, however, and the debate was
one of the warmest political meetings
ever held in the First district.

OCT 18TH

IS THE DATE OF THE MACHEN
HEARING.

Washington, Oct. 4.—On convening
the United States Court of Appeals
this morning the appeal of August W.
Machen & Company, defendants in
the postoffice conspiracy case was set
for hearing October 18. Machen and
others were sentenced to two years'
imprisonment and a fine of ten thou-
sand dollars.

FALLING EARTH CRUSHES OUT LIFE

Four Men Killed at Carterville,
Ga.

A Ten Year Old Girl Wrecks A
Train in Virginia "Just
For Fun."

SENATOR HOAR'S REMAINS

Carterville, Ga., Oct. 4.—By the fall-
ing of some earth and ore estimated at
one thousand tons, four men were killed
here and two others may die.

The dead include R. P. Morgan, presi-
dent and manager of the Morgan Mining
company; James Harris, Jr., and two
negroes.

SHERIFF IN JAIL.

Ashland, Wis., Oct. 4.—Sheriff Charles
Peterson, of Sawyer county, was fined
\$150 and sentenced to thirty days in
jail for contempt of court in failing to
capture John F. Dietz for whom a war-
rant was issued last May. The corner
of Sawyer county jail will place Peterson
in his own county jail at thursday. Since
May Dietz has held up \$300,000 feet of
logs at Cameron Dam on the Thru Ap-
ple river, preventing the Chippewa Log
and Boom company from rafting it
further.

BODY IN STATE.

Worcester, Mass., Oct. 4.—Thirty-five
thousand persons viewed the body of
Senator Hoar between 4:30 and 9:30
last night.

Fifty thousand people were massed in
front of the city hall and adjacent ways
and many cases of fainting among wom-
en were noted. The police ambulances
carried nineteen people from the crush
to their homes and others were cared
for in the city hall.

WRECKED TRAIN FOR FUN.

Ramoth, Va., Oct. 4.—Gussie Loving,
a 10 year old white girl, was arrested
at her home near Dunlow, W. Va., charg-
ed with wrecking a Norfolk & Western
passenger train at that point yesterday.
The girl admitted her guilt and said she
put a nut on the track "just for fun, to
see the train smash it."

BILLIE BRYAN SAYS HE HAS NOT CHANGED

Still Stands for What He Always
Advocated.

Points Out Mistakes in St. Louis
Platform—Senator Fairbanks
in the West

TAFT IS AT EVANSVILLE

Omaha, Neb., Oct. 4.—In his speech at
South Omaha last night, Bryan declared
that he still stood for every doctrine
that he has advocated during the past
eight years, that he has not recanted
and has not changed his position.

In speaking of the democratic plat-
form, he said:

"The platform of St. Louis is laid only
where it omits to state the party's po-
sition on two questions—the money
question and the income tax."

He said that he agreed with the popu-
lists on many questions and with the
socialists on others, such as the munici-
pal ownership of railways and postal
savings banks.

He declared that the standing army
was a menace to peace and the laboring
man.

SENATOR FAIRBANKS SPOKE.

San Francisco, Oct. 4.—Senator Fair-
banks, republican candidate for vice-
president, and Senator Fulton, of Ore-
gon, last night addressed an immense
audience in this city.

Fairbanks devoted much of his time
to the Panama canal question and to the
extension of American trade in the Ori-
ent. He also made a general contention
for the continuance of the republican
policy of protection and for the main-
tenance of the gold standard and defeated
the course of the republican party in
the Philippines.

During the day Senator Fairbanks
spoke at Red Bluff, Chico, Redding and
Marysville, California.

SECRETARY OF WAR TAFT.

Evansville, Ind., Oct. 4.—Secretary of
War Taft addressed a large audience in
this city last night. The speaker de-
voted a great deal of his time to the
Philippines question, but touched on the
trusts, tariff, and the Panama question.

REVERIDGE SPOKE.

Brazil, Ind., Oct. 4.—Senator Reveridge
spoke on national issues at a republican
meeting here last night.

ADDRESSED 1,500.

Palm Alto, Cal., Oct. 4.—Senator Fair-
banks spoke here today to fifteen hun-
dred Stanford University students and
citizens, on the "schools and prosperity
of the country."

BRYAN IS SPEAKING.

Omaha, Oct. 4.—William J. Bryan left
here today and is speaking in small
towns between Omaha and Emerson,
where he delivered a lengthy speech this
afternoon. Tonight he will speak at
Hartington. The entire week will be
spent in northern and eastern Nebraska.

DOUBLE KILLING

PENNSYLVANIA MAN SHOTS HIS
WIFE AND HIMSELF.

Allegheny, Pa., Oct. 4.—George Stand-
meyer, an expert machinist, shot and
killed his wife this morning, and then
killed himself. The tragedy was the
 climax of continued petty nagging be-
tween the husband and wife.

NOW RECEDING

FLOOD IN NEW MEXICO DID \$100,000
WORTH OF DAMAGE.

Boswell, Oct. 4.—The great flood is
now receding. The water now stands
three feet in the streets, however. The
damage will exceed a hundred thousand
dollars.

DESPERADOES HOLD UP A WHOLE TOWN

Dropped Into Little Fork and
Took Possession.

They Rifled Cash Drawers, Robbed
Business Houses, and Fired
Many Shots.

INHABITANTS WERE HELPLESS

Duluth, Minn., October 4.—Word
has reached Duluth that the village
of Little Fork, on the Little Fork
river, in northern Itasca county, has
been for several days in absolute con-
trol of two desperadoes, who have
shot up the town in the most approved
style, and who have looted money
drawers and helped themselves to
cigars and whiskey and other things
that struck their fancy.

The men made their appearance in
Little Fork last Wednesday. The town
is many miles from a railroad, and
the news of the raid has just reached
the outside world. The news did not
reach Grand Rapids, the county seat,
until yesterday. The local authori-
ties in Little Fork did not relish the
prospect of subduing the toughs. No-
body in Little Fork had ever seen the
men before. They dropped into town
from the north, and seemed like ordi-
nary woodmen. They went to Beas-
ley & Olson's saloon, and, after drink-
ing there for a time, drew their guns
and shot up the place.

The proprietors turned the saloon
over to the men, who rifled the cash
drawer of \$150 and helped them-
selves to cigars and drinks. The
strangers then went out on the
streets and walked up and down fir-
ing their weapons and defying ar-
rest. They went to a hardware
store and helped themselves to new
revolvers and ammunition, and then
proceeded to hold up the other
saloons. The village of Little Fork
has 250 inhabitants. The audacity
of the men was sublime. They went
into place after place and shot holes
in the ceiling or made bystanders
dance or sing songs as the humor
happened to strike them. A runner
was secretly dispatched to carry the
news to Grand Rapids to the sheriff,
and it was through reports brought by
him that news reached Duluth.

The desperadoes had been in posses-
sion of Little Fork for two days at
the time he left there Friday. It is
feared that there have been some kil-
lings before this, for the desperadoes
were drinking hard and getting ngly.
For the first two days they seemed to
be possessed of a grim humor, and
held up places the second and third
times, to keep them properly subdued.

ROOSEVELT LEADS

REPUBLICAN CAMPAIGN BUT-
TONS SELL AT RATIO
OF 5 TO 1.

New York, October 4.—F. J. Alvin,
the inventor of an electric campaign
button, reports that, notwithstanding
the buttons retail at a dollar and a
quarter each, more than 51,000 of
them have been sold through the
United States on orders and at the
ratio of five Roosevelt buttons to one
Parker button. In West Virginia the
sales have been 320 Davis buttons, 118
Parker and 960 Roosevelt buttons. In
Indiana 1000 Roosevelt buttons have
been sold, as against 210 Parker but-
tons.

In the extreme southern states the
ratio is about two Parker buttons to
one Roosevelt button, although in the
Louisville (Ky.) district Roosevelt is
selling two to one against Parker.

Every republican in Paducah and the
incorporated towns of the district should
register on next Tuesday, October 4th.

DAILY THOUGHT.

Many of our cares are but a morbid way of looking at our privilege.

—SCOTT.

THE WEATHER.

Fair and warmer tonight. Wednesday fair.

THE STREET CONTRACT.

The board of aldermen must pass on awarding the contract for reconstructing Broadway before the contract is signed. It is to be hoped that it will consider well before acting, the matter in its various phases, and not do something that will result in unnecessary inconvenience and expense to the public.

It seems from the best evidence at our command that the recommendations of the board of public works to adopt the bitulithic compound instead of brick, deserved more consideration than it received from the council last night. The merits of brick as street material cannot be denied, but that there is better and more desirable material, cannot be gainsaid. This is known by everyone familiar with the street problem. The fact that so many cities now use asphalt or the new bitulithic compound almost exclusively, is sufficient evidence that brick is being discarded in a great many cities.

But even more significant is the fact that the board of public works has worked on and investigated for many months the question of material, has made trips to other cities, and read reports from many places, and ought to be fully capable of making a recommendation that deserved consideration, if not concurrence. The council, which last night turned down the board of works' recommendation, has never investigated the matter, and is at least not as reliable an authority on the subject as the gentlemen whose recommendation, after months of conscientious labor, it repudiated.

But so much for the material. The asphalt or bitulithic material would cost only about \$350 a block more than the brick. A question for the aldermen to decide is whether or not the advantages from using this asphalt or bitulithic paving would justify this additional expense of about \$350 a block. It is claimed that the more smooth, attractive appearance, the greater durability and the noiseless qualities of the asphalt or bitulithic paving would more than justify the additional expense. The street is largely a residence street from Fifth to Ninth, and the elimination of noise would be a feature of importance of which is not to be ignored.

Another question for the board of aldermen to decide is, is the lowest bid necessarily the best? Hasn't Paducah

had enough experience in reconstructing streets with contractors not equipped and qualified to do the work contracted for? Which is better, to have the work done by contractors or men who understand the business, have the necessary implements and employees to do it, and do the work in the quickest and best possible manner, or to let such public work to men who know nothing about it, who do excavating and other work in the slowest, crassest and most primitive manner, and take their time to the constant inconvenience of the public, because they know that they are "home men," and that the men in office will see that they are allowed to have their way no matter at what cost to the public? It can be truthfully said that this is the way the thing was done both on Broadway and under the recent contract, when it required almost a year to build seven blocks of street that a street paving company could and would have built in a few weeks.

The board of aldermen should consider whether or not the people want to go through the ordeal through which it passed when these other contracts were being executed.

All that is asked or expected of these representatives of the people is that they see that the city gets as good as the city and the people can and are willing to pay for. That the work be done in a capable, workman-like manner in the least possible time. It does not matter who does it, so the results achieved are satisfactory.

"LET THE COLONEL TALK."

The Courier-Journal, is making the weekly thing with its masterful blows in behalf of democracy. Still, we are taking it seriously, and it will not prevent President Roosevelt from getting a plurality as large as has been claimed for him by his most enthusiastic admirers. The only way to regard the Courier-Journal is as a Collier's Weekly suggests in the following:

"Kindly roast Watterson," writes a correspondent, "and oblige." He incloses a clipping from a speech in which the Kentucky editor called the president, in his literary way, a pirate. This is not perhaps the most exact, courteous, or effective way for the one intended to describe the other; but we must be lenient in affairs of style. Some men can suggest disparagement only by superlative commendation. They may nevertheless be the kindest of men. The style is to a very limited extent the man. A man is likely to write in the manner for which he has a special talent. If he can formulate better than others in his vicinity look for formulations. If he is gifted in more measured statement, look for moderation. We find it therefore impossible to condemn the Colonel's bark. If he wrote more reasonably he would not write so well. It is the Colonel's inclination right to speak his own language even if his violence hurts the democratic cause, as some believe it may. "I should think," writes a friend of ours, "that it might be possible when Watterson really dies—which I hope he never will—that the democratic party might hope to win an election." We do not believe elections are often won or lost by phrases. They may be, occasionally. One was perhaps lost by the Rev. Mr. Burchard. But the risk is small, and the joy of a lively personality is great. So let the Colonel talk.

PARKER'S GARBLING.

Of course a man like Judge Parker would not wilfully misrepresent anything, but it is a little strange that in his letter of acceptance he said in quoting the late President McKinley:

"He pointed out in his last address to the people that we must make sensible trade arrangements if we shall extend the outlets for our increasing surplus."

When as a matter of fact what President McKinley really said was:

"By sensible trade arrangements which shall not interrupt our home production we shall extend the outlets for our increasing surplus."

Judge Parker also quotes President McKinley as follows:

"A system which provides a mutual exchange of commodities is manifestly

essential to the continued healthful growth of our export trade"; BUT he stops there without including the following last sentence of the paragraph: "We should take from our customers such of their products as we can use without harm to our industries and labor."

REPUBLICAN VS. DEMOCRATIC EXPENDITURES.

Judge Parker, Octogenarian Davis and the democratic press to the contrary notwithstanding, the fact remains that we are spending less money in proportion to our wealth than we did under Lincolnman or Cleveland, and what is of far greater importance, we produce revenue in excess of our expenditures, a condition which did not confront either Lincolnman or Cleveland.

PARKER CANNOT FOOL THEM.

If Judge Parker altered his letter of acceptance so many times, why was it necessary for it to contain the many errors and misstatements? The only conclusion forced upon one is that the democratic candidate for president is so fully ignorant or did he think he could fool the people with his understanding of finances and perversion of facts and truth? But it won't work this time, Judge.

Dear Bill Thorne! They caught him when he wasn't looking and gave him a solar plexus that will probably lay him up at Louisville for quite a while. Bill's offense was not pardoning a man who should have been kept in prison, head ever. It was being in somebody's way.

Theatrical Notes

Mirth, melody and music is the keynote of the performance to be given by the famous Black Patti Troubadours at The Kentucky Theatre, October 6.

Those great slayers and ebony-colored fanmakers of Dixie Land have been recognized for years as a high-class standard attraction and one that has scored a phenomenal popular success with theater-goers in all sections of the country. Among the forty in its ranks are to be found the most talented Afro-American singers, dancers and comedians in the world. Seats for the performance go on sale Wednesday, 10 a. m., prices 25 cents to 75 cents.

COL. TANDY

CAME TO PADUCAH TODAY TO REGISTER FOR THE NOVEMBER ELECTION.

Mr. Harry Tandy, assistant superintendent of public instruction, is in the city to register.

He has just returned from St. Louis, where he was in camp with the Kentucky regiments, state guards. He was accompanied here by Mr. H. T. Gaines, of Frankfort, an attaché of the governor's staff, who wanted to see Paducah.

METROPOLIS LOST.

Catcher Grover Laad, Gerard and the two Brabio boys have returned from Metropolis where they yesterday played with the team of that place against the Nebraska Indians. The Illinois boys were defeated by a score of 3 to 1. Gerard hit a double and Laad followed with a double, making the only score Metropolis got.

Republicans, if you would vote, register Tuesday, October 4th.

AFTER MANY DAYS

THE POLICE CATCH AN ALLEGED THIEF.

Jesse Ivey, white, was arrested last night by Officers William Orr and John McCone on West Kentucky Avenue, after he had succeeded in eluding the police since July 2, 1902.

Ivey is charged with having robbed Robert Sarrett, a farmer, of one \$10 bill and several dollars in change on the night of July 2, 1902, at the farm wagon yard. He escaped and had been away from the city ever since. It is said. The police spotted him and after following him from one house to the other, finally nabbed him.

He stated he had been all over the country since leaving Paducah but would say nothing about the charge. He was arraigned this morning before Judge Sanders and the case set for Saturday.

IS REORGANIZED

LINCOLN REPUBLICAN CLUB HAS GOOD MEMBERSHIP.

A large crowd of Republicans met at Republican Headquarters, Rockmon's Hall, last night and reorganized the Lincoln Club. Forty-six new names were added and the following officers were elected for the new term.

Captain John Cook, president; John J. Dorlas, vice president; Dr. Harry Williamson, secretary, and Charles R. Mason, treasurer.

The regular club meetings will be held every Monday night and all old members are urged to be present and every Republican is invited to come to the meetings and participate for the best interest of the party, and join the club.

Great interest was manifested and it was evident that the faithful Republicans are wide awake and the Lincoln Club with this year, as it was in two presidential campaigns, be of great benefit to the party managers in conducting the campaign.

IS STILL IMPROVING

JOE GREEN WILL BE ABLE TO ATTEND COURT SATURDAY.

Joe Green, who was Saturday night shot by Special Illinois Central Officer Tom Murray, is better and will be able to come to court Saturday when the case against Murray for malicious shooting will come to trial. Green is not thought to be seriously injured, the bullet making merely a flesh wound.

COL. LEIGH

STOPS IN PADUCAH EN ROUTE HOME FROM ST. LOUIS.

Colonel Edward O. Leigh, of Frankfort, private secretary to Governor Beekman, arrived in the city today to register. He has been to St. Louis to attend the World's Fair, and stopped over in Paducah on his way back to Frankfort. He left at noon today.

The Heating Apparatus Has Always Been a Failure—Chief Engineer Is Here.

OTHER LATE RAILROAD NOTES

The announcement of an improvement which will be received with the greatest of pleasure by the traveling public at large, was made this morning when the Illinois Central announced that the present steam heating plant at the local I. C. depot would be abandoned this winter and a new plant installed.

Yesterday Mr. R. E. Palmer, general foreman of the local Illinois Central shops, and Mr. Ed Wheeler, foreman of the tile and pipe fitting departments of the shops, went to the depot and took measurements for the new plant. A big locomotive boiler will be installed at the depot at the north-west end of the ice houses, which is located in front of the depot, and a nice house built over it. A pipe will be run to the depot and connected with the radiators there, the steam from the locomotive boiler being used to heat the depot instead of the old boiler which has failed to give satisfaction since its use.

The road will also run a line of steam pipes all along the side tracks in front of the depot and heat "dead" coaches which are side tracked there for cleaning and to get them out of the way until ready for use again.

In addition the road will put in an air plant for cleaning coaches by air. When the coaches are side tracked a corps of men are set to work with brooms and sticks beating and dusting the seats.

With a new appliance attached to air hose, the dust is removed with lightning like rapidity and the work of dusting can be done in one tenth the time it takes at present.

By the installation of the boiler the coaches can be cleaned, and heated and prepared for the trains they go to make up. Under the present arrangement the coaches are cold and do not get warm until coupled to a train and the steam connections made. The coaches do not become comfortably warm until half an hour or an hour after coupled to the train. By attaching to the steam plant at the depot they will be prepared for service and when coupled onto the trains will be comfortable.

The depot has been uncomfortably cold every winter and the company has expended much money in repairing and attempting to improve the heating plant.

The measurements were completed today and the plan for the house and location of the boiler are being prepared. The order for the boiler and steam piping has been sent out and the plan will be working before the winter has set in if it is promised.

Mr. H. U. Wallace, chief engineer of the I. C. road, and Mr. M. Miller, general foreman of water works of the I. C., were in the city yesterday on business.

Mr. Wallace had been on the Evansville district looking over the road and also inspected the work at Tennessee river bridge. The two officers arrived on a freight train but left late in the afternoon for Cairo on a special train. They will probably return Monday.

Mr. Miller is looking after the improvements in water supply here. The road is putting in a big tank at the old dispatching offices and other improvements, told elsewhere, called his attention to Paducah.

The work of digging the well at Princeton for a permanent water supply for the I. C., is progressing nicely. The well is ten inches in diameter and a depth of 110 feet has already been reached. The well is being drilled and the work is necessarily tedious.

Mr. H. McCort, assistant general superintendent of southern lines of the Illinois Central road, arrived in the city this morning in his private car No. 19, from the Evansville district and will remain in Paducah all day, probably. Mr. McCort has been inspecting the eastern division and bettering the movement of trains, where possible. The official is directing his attention particularly to

SMALL BLAZE

A NINTH STREET BOARDING HOUSE CAUGHT TWICE TODAY.

The Nos. 1, 3 and 4 fire departments made two runs this morning to the boarding house of Mrs. Gibbs, at 510 North Ninth street.

The first alarm was answered at 6:30 and a blaze was extinguished in a rear room, originating from defective wiring. The damage in this instance amounted to about \$200 covered by insurance.

The second alarm was answered about 7 o'clock to the same house. The house caught this time near the roof. The damage in this instance amounted to only a few dollars.

SUNDAY SCHOOL CONVENTION.

The McCracken County Sunday School Convention will be held in the Trimble Street Methodist church on Thursday beginning at 9 a. m. A good program has been arranged, and a good attendance is expected. STILL INCREASE

POSTOFFICE RECEIPTS LARGER THAN FOR SAME PERIOD LAST YEAR.

The postoffice receipts for Paducah continue to increase, and the report just completed in the local postoffice, show that the receipts for the past quarter, ending October 1st, were \$11,152, against receipts for the corresponding quarter last year of \$10,255.12.

The receipts for the month of September were \$4,161.67, an increase for the same month last year.

VERY LIGHT

HAS BEEN THE REGISTRATION—POLLS OPEN UNTIL 9 P. M.

The registration up to press time was very light, possibly the lightest in the history of the city, it was said.

Several precincts were not open at the regular time this morning. It is said, on account of some officers failing to show up.

The polls remain open until 9 o'clock, however, and it is likely many of the working people are waiting until after supper to register.

RETURN FROM NEW YORK.

Mr. John Trantham and wife have returned from Buffalo, N. Y., where they went some little time ago to attend the National Convention of the Brotherhood of Locomotive Firemen. There were several thousand delegates present and the meeting was most enjoyable. The next session will be held at Milwaukee. Mr. Trantham was accompanied to Paducah by Mr. E. T. Hotter, of McComb City, Miss., who was one of the delegates to the convention, and who will leave the city tonight for home. Mr. Trantham is now an engineer on the Illinois Central here but he still affiliates with the firemen brotherhood.

Miss Nan Crossland, of Mayfield, is visiting in the city.

FEEDING A DOCTOR

HIS BODY CHANGED BY CHANGE IN FOOD.

A convincing bit of testimony to show what a simple change of food can sometimes do to end apparently incurable disease is told in the following article by a Chicago physician.

"The case is my own. I had been suffering for more than 25 years with nervous dyspepsia, insomnia, occasional kidney trouble, and general disturbance of my whole system. My appetite was affected and so I lost weight and strength, but most serious of all was the gradual failure of my memory, proving that my brain and nerves were not getting the proper food any more than the rest of my body.

"Three times I made the journey to Carlsbad, and spent a fortune consulting famous physicians and specialists in this country and Europe but never got any permanent results. All the medicines known to science failed to give me even temporary relief in spite of the fact that I was always exceedingly careful in my diet. I was on the verge of despair and never looked forward to being well again.

"One day about two years ago I was staying at a hotel in Minneapolis accompanied by a famous European physician, Dr. Werner, of Berlin, and there we noticed a new food on the menu called Grape-Nuts. Having little desire to eat I ordered some just to see what it looked like and then was persuaded to try it.

"What I experienced was not short of wonderful.

"Not only did the new food taste so good I relished it, but for the first time in many years I felt entirely free from the terrible pressure on the stomach which I had always suffered even after the lightest meal. On my return to Chicago my very first act was to order Grape-Nuts sent to my home where the whole family relish it so they use it daily without any urging, and we expect to do so as long as we live.

"As the result only of this change of food to Grape-Nuts the awful disease which I suffered with for more than 20 years disappeared entirely in about THREE WEEKS. I have regained my health, strength and vigor and about 25 pounds in weight. All of this is due only to the thoroughly nourishing and completely digestible character of this food—Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

OLD GORGON GRAHAM AGAIN.

Bright Things He Says in His Latest Book.

Mr. George Horace Lorimer, the author of "The Letters of a Self-Made Merchant to His Son" and "Old Gorgon Graham," is the editor of the Saturday Evening Post, and wrote the "Letters" because he wanted something of the kind for his paper—virtually wrote them to fill space and with no thought that they would attract more than ordinary attention. No one was more surprised at their success than he was. The book has been translated into a half dozen languages, among them the Japanese. "Old Gorgon Graham" is equally as clever and amusing as the first book. What its Japanese critic said of the "Letters" is true of this book—it should be in the hands of every man who has his way to make in the world. Here are some crumbs of wisdom from "Old Gorgon Graham," published by Doubleday, Page & Co.:

When a man makes a specialty of knowing how some other fellow ought to spend his money, he usually thinks in millions and works for hundreds.

When an ass gets the run of the pasture he finds thistles.

No man's a failure until he's dead or loses his courage, and that's the same thing.

I'm hopeful, but I'm a good deal like the old deacon back in Missouri who thought that games of chance were sinful, and so only bet on sure things—and I'm not betting.

I've usually found that these quick, glad borrowers are slow, and payers. And when a fellow tells you that it hurts him to have to borrow, you can bet that the thought of having to pay is going to tie him up into a bowknot of pain.

Trouble postponed always has to be met with accrued interest.

Don't hurt anyone if you can help it, but if you must, a clean, quick wound heals soonest.

It's better to see ten holes than to miss one buyer. A house never gets so big that it can afford to sniff at a hundred pound sausage order, or to feel that any customer is so small that it can afford not to bother with him. You've got to open a good many oysters to find a pearl.

You can buy a lot of home happiness with a mighty small salary but fashionable happiness always costs just a little more than you're making.

It's always been my opinion that everybody spoke American while the tower of Babel was building, and that the Lord let the good people keep right on speaking it. So when you've got anything to say to me, I want you to say it in language that will grade regular on the Chicago board of trade.

It isn't what a man's got in the bank, but what he's got in his head, that makes him a great merchant.

Look in a man's eyes for honesty, around his mouth for weakness at his chin for strength, at his hands for temperament, at his nails for cleanliness.

Syndicate Buys Vermin From Outside Rio Janeiro For Bouey.

Rio de Janeiro.—The vast number of rats forthcoming in response to the health department's offer of fivepence a head caused a certain suspicious delegate to make inquiries.

This resulted in the discovery that a perfectly organized syndicate existed for the purpose of purchasing and importing the profitable vermin on the transaction. The proprietor of the concern and fifteen of his assistants have been arrested.

INJURED BY LIVE WIRE.

Mayfield, Ky., October 4.—Mr. Ben Wright, came near being the victim of a fatal injury. He was en route home and stepped on a wire that was on the sidewalk. He picked up the wire to remove it from the walk as it was hanging from a post and could not turn it loose. His hand and body were badly burned. He was so suddenly and seriously shocked by the electricity that he fell to the ground and in doing so he extricated himself from the wire.

EDITOR IS LOCATED.

Guthrie, Ky., October 4.—The disappearance of Editor Dearbon, of the Guthrie Graphic, is accounted for in a letter from the publishers of the Free Press, at Stuttgart, Ark., in which it is stated that a man who gave his name as Dearbon and answered the

description of the missing editor appeared there in financial straits and departed for Texarkana after he was aided by newspaper men.

DEATH AT HOPKINSVILLE.

Hopkinsville, Ky., October 4.—Malcolm Hall, a merchant at Kirkmansville, died of stomach trouble after an illness of three weeks. He was twenty-two years old and a member of the firm of Holistry & Hall.

NOW CARRYING MAIL.

Hopkinsville, Ky., Oct. 4.—Mailway mail service on the Tennessee Central railroad from Nashville to Hopkinsville has been inaugurated. A regular mail clerk is in charge of the car, which is equipped for the prompt and correct handling of the mails. This service is between Nashville and Hopkinsville and the surrounding country.

The afternoon and court will not settle down to active business before tomorrow morning.

BIG CONVENTION
NOW IN PULL SWING

Caulkers and Ship Carpenters Transact Much Business.

Many Important Matters to Be Discussed—Chicago Will Get Next National Meeting.

PRESIDENT'S REPORT INDORSED

The annual convention of the International Union of Shipwrights, Joiners and Caulkers of America, was called to order this morning at 9:30 in Central Labor Hall on North Fourth street.

The roll call was made and the following delegates found present: Union No. 1, Elizabeth, N. J., represented by Hugh Kirk and David Shortridge; No. 3, Buffalo, N. Y., John McDonald; No. 4, Tonawanda, N. Y., Frank Alaire; No. 7, Port Richmond, N. Y., A. L. McCalm and E. C. Stackhouse; No. 8, Paducah, Fred W. Mooney and George Simpson; No. 18, Cleveland, O., E. J. Grafton; No. 28, St. Louis, John Gladhill; No. 30, Milwaukee, Henry Wetzel; No. 31, Jersey City, N. J., H. A. Brennan; No. 39, Paducah, Henry Carroll; No. 64, Memphis, George Steyers; Mr. T. W. Kuotter, of Chicago, No. 17, reported this morning.

PRESIDENT'S REPORT.

Messrs. Frank Alaire, Fred W. Mooney and Henry Wetzel were appointed a committee to carefully consider the president's report and bring in either recommendations for rejecting or concurring in the report as a whole or what parts they desired to. The committee endorsed the entire report and the recommendations will be regularly taken up and brought before the convention in resolution form later in the week.

COMMITTEES APPOINTED.

A committee on constitution was appointed as follows: Messrs. John Gladhill, George Simpson, David Shortridge, Henry Carroll and George Steyers. The committee is now working on a revision of the old constitution and will be ready to report by Thursday morning.

The committee on resolutions, possibly the most important committee, will report this afternoon. It is composed of Messrs. Fred Mooney, F. Alaire, E. C. Stackhouse and H. A. Brennan. The committee will draft all resolutions which come before the convention.

ALL LIKE PADUCAH.

There are seventy six unions in the International Union, but only eleven are represented here. There is never a full attendance but Paducah secured as many delegates this year as usually attends.

The delegates all speak highly of Paducah and say it is an important town in the matter of organized labor. Mr. John Gladhill, of St. Louis, stated today that he was surprised to see the women take such a little part in labor organization, as in St. Louis they aided the organized labor a great deal by the formation of a label club.

The members of the club refuse to buy anything but labelled goods and from clerks wearing union buttons.

LABEL CLUB IN PADUCAH.

There is a move on foot in Paducah, it has developed, to organize a similar club in Paducah. The Goddess of Labor has the matter in hand and will call a meeting shortly. It is said. One important matter that will be brought up by resolution will be the establishment of a death benefit fund. This was one recommendation made in the president's report.

REPORTS OF RESOLUTIONS.

The committee will report on several resolutions this afternoon but it is said the real work of voting on the resolutions will not begin before Thursday morning, when all committees have prepared their work. The resolution committee will this afternoon bring in a resolution in regard to changing the national conventions from annual to biennial, and it is believed it will not be favorably adopted.

A resolution will be adopted for a uniform nine hour day on the lakes, at the minimum scale, \$2.75 a day and those now working eight hours will be fully sustained by the union. The next convention will probably be held in Chicago. The delegate from there has not yet been seated, but if he is which is expected to be tomorrow,

HOW IS YOUR LIVER?

IS A FORM OF GREETING IN MANY SECTIONS, AND RECOGNIZES THE IMPORTANT FUNCTIONS OF THAT ORGAN.

A disordered liver bears its legitimate fruit—Kidney diseases, with their stealthy fatality, diseases of the heart and lungs, skin diseases, constipation, rheumatism, stomach troubles. If the liver is diseased it is impossible for you to be well. Don't doctor the symptoms; remove the cause.

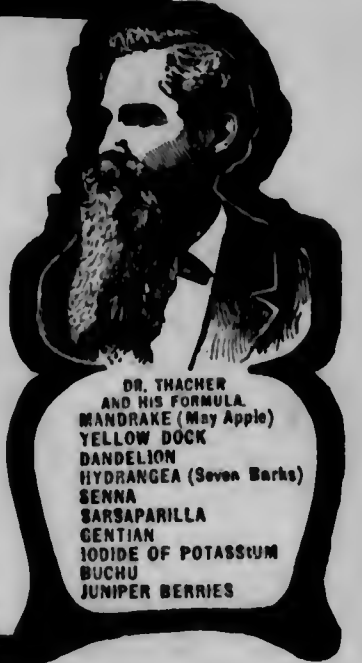

Dr. Thacher's Liver & Blood Syrup Cures

by going directly to the source of the disease and curing the cause. If your liver and kidneys are healthy and your blood pure, you will die of old age, barring accidents. There are numerous "Liver regulators," "Kidney remedies" and "Blood purifiers," some of them probably good for the one thing, but Dr. Thacher's Liver and Blood Syrup is the only preparation on the market that contains all the recognized best remedies for the liver, kidneys and blood, accurately and scientifically combined. (See the formula).

Your common sense will tell you it is in a class by itself. Send for a free sample and a copy of "Dr. Thacher's Health Book." For sale by all druggists, 50 cents and \$1.00 per bottle.

THACHER MEDICINE COMPANY,

Chattanooga, Tenn.

will get the convention for Chicago.

A proposition has been presented to establish a permanent strike and lockout fund for the benefit of any local union that may become involved in any disagreements. It was proposed at the last convention at Detroit, Mich., but nothing was done until this session of the convention, when a resolution was presented providing for a tax on every member of the international organization of \$1 per year, which fund will be spent in paying strike and

lockout benefits, under the sanction of the international executive board. Any strike must be ordered by the international or action of such unions be sustained, where immediate action is necessary.

A banquet was last night tendered the delegates to the International Union of Shipwrights, Joiners and Caulkers, at Central Labor Union Hall on North Fourth street, and about 200 ladies and gentlemen attended. The local ship carpenters and caulkers gave it and it was one of the

most enjoyable ever given in Paducah.

Mr. Charles Hayman, of Paducah, who was a delegate to the National Convention at Detroit last year, presided as toastmaster, and did it well.

Mayor Yeiser welcomed the visitors and extended the freedom of the city to them, making them quite a nice speech. Mr. George Simpson, of Paducah, followed and the response to the hearty welcome accorded the visitors was made by Mr. Hugh Kirk, Elizabeth, N. J., president of the International Union. Vice President McDonald, Buffalo; Stackhouse, Elizabeth, and Abbott, of Homestead, also made talks, followed by an address from Mr. Thomas W. Kuotter, of Chicago. He is 80 years old, and stated that he and two friends in 1886 spent \$1,500 of their own money traveling about the country advocating the eight hour day. His speech was a treat, and was replete with logic and apt illustrations.

Mr. Louis Messmer, of Louisville, who is here in the interest of union label tobacco, next addressed the assembly, and was followed by Mr. George Styles, of Memphis.

Miss Blanche Mooney, goddess of labor for last year, then announced the banquet, and for the next hour or two seldom has there been so much enjoyment at a local banquet.

Those who had charge of the banquet last night, and to whom much credit is due for its success, are Messrs. John Hollenberg, E. H. Sanders and F. W. Mooney and wives, Mrs. G. Wisorg, and Miss Blanche Mooney. The delegates as well as all others present, do not hesitate to say it was one of the most complete and delightful they ever attended.
